

## Make a musical instrument!

Do you like music? Do you want to play a musical instrument?  
Follow the instructions below to make, and play, your own instrument.

### 1. Make a shaker

#### You need:

- A plastic container
- Rice
- Scissors
- Sellotape

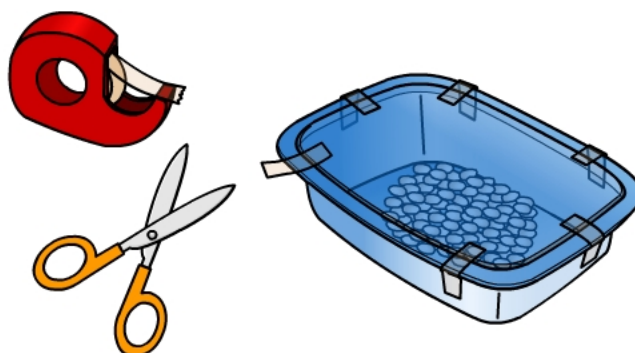

#### More ideas:

- Cover your container with paper, colour and decorate.
- Put some dried beans, lentils or pasta inside another container. Do the shakers make different sounds?
- Try putting some rice inside a balloon. Blow up your balloon and tie the end. What sound does your balloon make?

1. Put a handful of rice inside the container.

2. Sellotape the top of the container.

3. Shake your shaker!
